World Flower and Garden Show Attracts Local Garden Clubs

The World Flower and Garden Show, a riotous carnival of blossoming color, opened last Friday at Pan-Pacific Auditorium.

There are more than a million orchid blooms alone on display at the largest flower show ever assembled in Southern California. Thousands of other flower varieties are on exhibit.

A prize list totaling \$50,000 in awards for flower arrangements, commercial cut flowers, floral displays and new plant developments has brought entries from a dozen foreign countries and most states.

IMPORTED TULIPS
One exhibit alone contains 10,000 blooming tulips from imported Dutch bulbs. There are several Japanese gardens, a formal Dutch garden and lush tropical gardens especially built for the Flower Show.

There is a special awards list for amateurs and juvenile flower growers exhibiting at the show.

Harry Macres, veteran commercial grower who is the show's director, said the list of exhibitors has broken all records.

A special feature is the Floral Hall of Fame, where the latest patented varieties of flowers developed by hybridizers are separately exhibited. Mandarin Red and Ivory carnations, and a rose-tinted sweet alyssum are unusual Hall of Fame entries. The show is open from 12 noon to 11 p.m. daily, and will continue through March 5. On Saturdays and Sundays, doors open at 10 a.m.

There is ample parking space on the huge lots adjacent to the Pan-Pacific Auditorium.

JUVENILE CLUBS
Scores of juvenile gardening clubs and youth organizations are displaying their flower arrangements, miniature gardens and garden handicrafts at the World Flower and Garden Show now at Pan-Pacific Auditorium.

El Monte has a representative group including nine junior gardening clubs sponsored by the Greenhumpers Garden Club, an affiliate of California Garden Clubs, Inc. The Chi-Wu-Cu-Cu-Chi-Wu (Cheerful Birds) Campfire Troop and Brownie Troop 114, To-He-Mah-Yah and Eluta Koda Campfire Troops, Brownie Troop 147 and Dens 3 and 7 of Cub Scout Pack 535, all of El Monte, also have exhibits in the show.

Girl Scout Troop 23 of El Monte is exhibiting its famed "madonna mosaic," made of crushed, cerulean blue eggshells.

The Santa Ana Junior Gardeners have arranged a comprehensive display of their garden activities, including unique animals "Sculptured" from seed pods, floral jewelry, tint gardens growing in snail shells, and a conservation exhibit.

FROM MALIBU

The Bop-and Botany Juniors from Malibu are showing gardens growing in dishes, wreaths of succulents, corsages, miniature geraniums and flower arrangements. The Malibu group regularly distributes pots of fragrant geraniums to blind children during the holidays.

The advanced horticulture class from Bell Gardens Senior High School has entered a number of horticulture exhibits in the adult classes, competing with veteran floriculture experts on their own ground.

The junior exhibits are part of the largest Flower Show ever assembled in Southern California.

A special feature is the Floral Hall of Fame, where new, patented flowers are displayed. California commercial hybridizers, working in the footsteps of Luther Burbank, have developed scores of new flowers in the past few seasons.

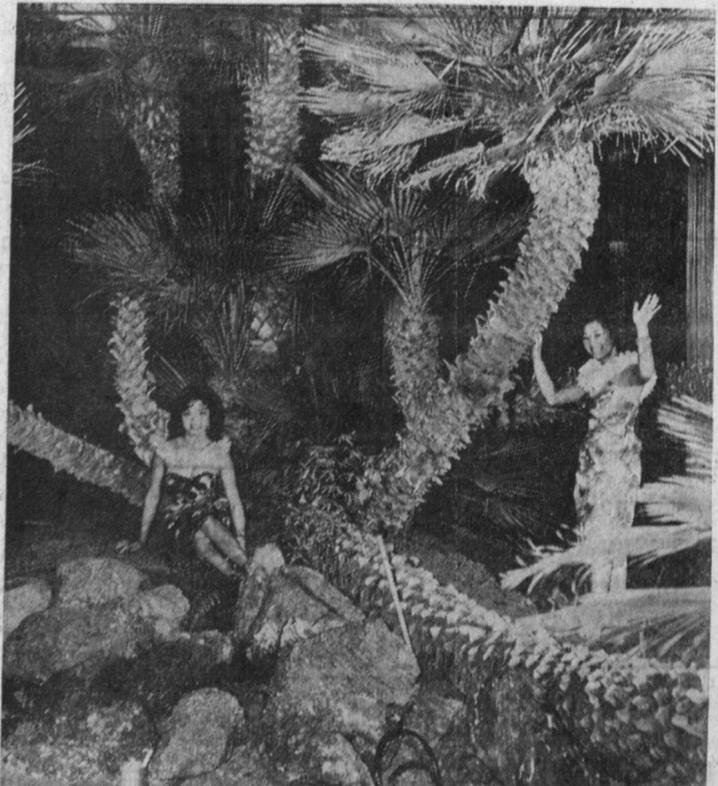

These new plants are publicly displayed for the first time at the Flower Show.

Southwest Manuscripters Set Contest Rules, Deadline

Arthur Julian, writer and script supervisor on the ABC show "Guestward Ho," spoke on "Situation Comedy on Television" at a recent meeting of Southwest Manuscripters, Clark Stadium, Hermosa Beach.

"The greatest asset you, as a comedy writer can have," said Julian, "is a good memory ear for response. You must sense that a certain type of joke, combined with a specific type of action will give rise to a laugh. And for this you can only rely on your own instincts, your own sense of humor and your own sense of taste."

The important factors now in writing for this field," Julian pointed out, are not new ideas, as one might think, but (1) how you do it, and (2), who you do it with. In other words, "consider carefully the freshness of your treatment, and secondly, the choice of an actor. The latter," he emphasized, "is of immense importance."

Manuscripter members reporting sales for the month were Jean Aaberg, Marguerite McLain, Ed Fournier, Florence Hancher and Barbara and Warren Transue. President Loren Roberts announced that deadline for the article contest, open to all members of Manuscripters who have not published articles within the past twelve months, will be March 17, the date of the next club meeting. Articles are to be limited to two thousand words. All those interested in writing, beginner or professional, are invited to attend the meeting which will be held at Clark Stadium, 861 Valley Drive, Hermosa Beach, at 8 p.m. For further information call Mary Edith Lindsay, secretary at FRon-tier 2-6159.
